A GOOD WEAKNESS IS ACTUALLY A STRENGTH!

- **Weakness:** I can get impatient when other people do not work as fast as I do.
Strength: I am a fast worker, but I try to just pay attention to my own work and not be concerned with anyone else.
- **Weakness:** I can get impatient when other people do not work as hard as I do.
Strength: I am a hard worker; I have learned to just let others do their thing and I do mine
- **Weakness:** I can be too easy-going.
Strength: I get along well with others, but I have to be careful not to take on more than I can handle.
- **Weakness:** I used to procrastinate. I would put things off.
▪ **Strength:** But I have learned that it is better if you do things right away. I have gotten in the habit of making a “to do” list to be sure that everything gets done.
- **Weakness:** I can be a perfectionist.
▪ **Strength:** I do excellent work, but I am learning to be easier on myself...now I just check over my work very carefully and then I move on to the next task.
- **Weakness:** I can be a workaholic. I get so involved in my work that I sometimes forget to go to lunch or leave work on time.
▪ **Strength:** I am a hard worker and committed to my work.
